

FREDERICKSBURG GREEN PARTY MEETING MINUTES 10/24/2018

In attendance: Sean Imanian, Chair
Gerald Anderson, Treasurer
Chris Fink, Webmaster

1. Projects:

- Clean Government Act (CF):
 - Waiting on volunteers from our membership who have FLS accounts and can help do research.
 - Last resort, we can pay for an online account using FGP funds, but would still need the volunteers for research.
- Electoral Reform / Ranked Choice (GA)
 - FairVote VA on-hold for now.
 - Could distribute our own existing flyers (CF may have some).
 - Biggest obstacle seems to be just past Cole's committee. So that's where the public pressure is needed.
- Food Program (SI)
 - Some luck reported in getting food sponsors.
 - Discussion on name of food program.
 - CF to transfer brochure to Google docs for ease of editing
- Caroline Water (SI) :
 - Sean and Chris did some door knocking in Caroline county, but found that the areas with the water problems are strictly in gated communities which they could not access.
 - Doesn't mean rate increases were restricted to those areas.

2. Miscellaneous

- Oct. 20th GPVA State party meeting went well, but we hope someone summarizes findings.
- Green book group affiliated with FGP will meet Sundays 5pm, location TBA but probably Katora.
- FGP officers should log into website to review how it operates and try out different things like creating new tasks, calendar items, & articles, and uploading meeting minutes.
