

Fredericksburg Green Party  
Meeting Minutes  
August 17, 2014

The meeting was attended by Gerald Anderson, Bill Johnson, Chris Fink, and Larry Maxwell.  
The topics discussed were:

1. Gerald's proposal #GM140817GA - Landfill Issue

Proposal was passed and progress has since been made - see Gerald's email. Congratulations, Bill and Gerry!

2. Chris' proposal #GM140817CFa - letter campaign to Fredericksburg Free-Lance Star concerning the publication of election results.

Proposal was passed on the stipulation that Chris and the Fredericksburg crew would do further research on whether or not the FL-Star was already doing this, and if we can find ways for them to improve their coverage.

3. Chris' other proposal #GM140817CFb - UMW campus greens.

Proposal was tabled awaiting developments on campus at the beginning of the semester. Further discussion at next meeting on 9/21/14.

New Business:

- Gerald reported on his efforts to transfer our bank account. In his later correspondence, this has been achieved at the Virginia Partners Bank.
- Promotional materials - Chris has completed a new version of the FGP flyer (see link on our website), but some formatting adjustments still need to be completed.
- Some preliminary discussion on a proposed anti-fracking campaign in the 1st District area. Much research required.

We have conference room #2 at the library reserved for every third Sunday through 2015 except for the months of October 2014, April 2015, and October 2015. They hold their book sale on those days and use the conference room. We will have to find elsewhere or another day.

Therefore, the next scheduled meeting is now set for September 21 at the Fredericksburg Library.

See you there!

- Larry Maxwell, FGP Chair
