

**FREDERICKSBURG GREEN PARTY**  
**Meeting Minutes 9/21/2014**  
**CRRL Library Meeting Room #2**

The meeting was attended by Chris Fink, Gerald Anderson, and Larry Maxwell

Topics:

1. GM140817GA - Landfill issue (Gerald Anderson) - Fredericksburg and Stafford are still at loggerheads over payments.
2. GM140817CFa - Letter campaign to Free Lance Star (Chris Fink) - It has been determined that the FLS does not publish voting records of Virginia politicians. Chris gave an example of such a fact sheet to the members in attendance. Plan to mount a letter-writing campaign to the FLS to provide this service. Also, Chris discussed **votessmart.org**, a website which keeps track of politician's voting record, and also the people funding those politicians.
3. GM140817CFb - UMW Greens (Chris) - no activity as yet, proposal remains tabled until the FGP itself grows a little more.

New Business:

Gerald mentioned the recent meeting in Tappahannock over the fracking issue. He has since e-mailed an article in the FLS.

There was discussion over how to grow interest and membership in the party:

- Mailing list cold-calling,
- Personal contacts,
- Each current member committing to bring one new member to the next meeting.

Since we will not have our regular meeting room in October, members discussed where to hold the October meeting, with consensus on Blackstone Coffee House or Hyperion Coffee House. ***Stay tuned.***
